Member Feedback

Being involved in the Northland Chamber has enriched my life professionally and personally over the years in so many ways. Just getting involved on a committee, a project or event can lead to great contacts, business exposure, resources, broader knowledge and influence in the decisions that shape the landscape of where we live, work and play. Beyond the value I get from membership personally, I see how vital the work of the organization is to the betterment of our community as a whole. The Chamber connects the key elements of our area, whether it's education, government or business and works together to solve problems, bring successes and move us forward. I can't imagine doing business in the Northland and not being a part of the Northland Chamber!

From my experience, I would tell everyone to get involved! You get out of it what you put into it. It's about building and opening- up relationships. To be part of the community and economic growth in the Northland through the Chamber has been great. It has helped my business to grow stronger. I enjoy all of the networking opportunities and programs the Chamber offers.

I have been an active member of the Northland Regional Chamber of Commerce for many years. Through involvement with the Chamber, I have met community leaders that I would have not otherwise known. I have gained extensive leadership skills through volunteering and chairing various committees in the Chamber. This experience has opened the door to build my understanding of the Northland and the economic impact to the region.

When I first starting getting involved with the Chamber I was not sure what was going to be in store for me. I was new to the Northland and didn't know anyone. That soon changed. I joined an organization for networking purposes and soon became part of a huge family. There are so many different committees within the Chamber that a person can get involved, you are surely to find the one that fits you perfectly. I have never had such a positive and beneficial experience all wrapped up in one organization!
