Member Feedback

“One of the best decisions we made when opening our business ten years ago was to join the Northland Regional Chamber of Commerce. Members of the Chamber and their family and friends do business with us and we do the same with them. Encompassing the entire Northland, we found this Chamber to be much more effective than a Chamber or other like organization located in a small municipality. Upon attending the various meetings and networking opportunities, we are simply socializing with our friends which makes all very enjoyable and at the same time enhances our business. Not only is our immediate business augmented by our membership, the Chamber is also very effective in the economic improvement of the Northland as a community by acting as a strong voice for infrastructure, transportation, legislation, education, and other advancements. Our business would not be at the current successful level if we had not taken the opportunity to join the Northland Regional Chamber of Commerce.”

“After more than 5 years of membership with the Northland Regional Chamber, we at Summit Heating and Cooling could not be happier members. By attending and participating in various Chamber events, we have gained networking partners, job opportunities, and camaraderie with fellow Northland businesspeople. As we have been intentional with our level of participation, we recognize the intentionality of the Chamber with their participation in our neighborhood and throughout the Northland. Our favorite fundraiser is the NRCC’s annual auction benefiting education in the Northland, and our Office Manager is growing and learning as she participates in the NRCC’s Leadership program. If you are wanting to do business and grow in the Northland, there is no better start than joining the Northland Regional Chamber.”

Jim Lewis, Operations Manager at Summit Heating and Cooling

“Being a small home-based business comes with many challenges. Gallery portraiture has been in business since 2008. While we have a studio in our office, the majority of our portraits are taken on location; at our client’s office or that place that holds significant meaning for our clients. One of the biggest challenges is letting people know we’re here. How do people find you if you don’t have a storefront or retail space? For Gallery Portraiture a huge part of our success has been our membership with the Northland chamber. Unlike the pressure you feel at some other networking groups, the staff at the chamber is warm and welcoming. The friendly faces, the connections, the resources and opportunities that come from the Northland Chamber of Commerce are invaluable. They are truly invested in helping strengthen our community. For our marketing dollars, this one pays for itself over and over again.”
